To whom it may concern,

I am emailing you in reference to the approval of our class C certificate and it's expedited filing with the office of regulatory staff. I am Stewart Yarborough the owner of Daufuskie transit. It is my hope That we are approved today in your meeting and the order is issued as quickly as possible. The Fourth of July holiday is our busiest weekend of the year. We have hundreds of reservations and it would be devastating to our business not to be able to accommodate all those coming to Daufuskie. I have completed all the necessary steps with the office of regulatory staff and I'm just awaiting the order from the public service commission to be able to start servicing Daufuskie once again. Thank you for your time and being so gracious in the expedited process.

Owner of the Daufuskie transit
